## **The Spa Medical Practice Patient Participation Group (PPG)**

We need patient views, input and involvement to help identify areas and priorities with view to improve the quality of services provided by the practice, participate in short surveys and to discuss proposed changes.

We already have a Patient Group, who meets monthly with members of the practice team including a partner, management staff and a nurse.

This group acts as a link between the NHS Worcestershire (the organisation responsible for planning and arranging health services for people in the county), the Doctors and the Patients.

There have been and will be changes within the NHS and it is vital that we have your views and communicate effectively with our patients.

We are now looking for new members to join the patient group and widen the scope of the representation to enable more patients an opportunity to give us their views. We have set up a virtual group that communicates through email with the practice team. The email address is: [ppgspa@gmail.com](mailto:ppgspa@gmail.com). You will get a response from the Secretary of the PPG.

You can help by considering to become a member of our patient group either through attending the Patient meetings once a month or join one of our virtual group where we will contact you two to three times a year.

To join either group please complete the form overleaf and return to the surgery.

Thank You
